DIAZ FORCES WIN A DECISIVE VICTORY

Desperate Conflict in the Streets of Mexico City Early Today.

THIRD WOMAN SLAIN.

Thoroughfares Strewn With Bodies—Foreign Representatives Will Make No Demands Upon Madero.

Mexico City, Feb. 14.—The Diaz forces won a decisive victory in the streets of the City of Mexico early today. Fighting was resumed when the federals, evidently expecting to take the rebels stationed in the arsenal by surpirse, charged, firing as they advanced. The rebel battery replied, causing the federals to retreat in wild disorder.

The third woman to be slain during the four-day battle fell today when Mrs. Greenfield, mother of Harry Greenfield, an employe of the Mexican Light and Power Company, a Canadian corporation, was struck by a shell.

It is understood the foreign representatives had agreed that no further demands that fighting cease will be made upon President Madero. The federals are said to have sent a note to General Diaz, stating that he would be treated with the greatest consideration if he would surrender, but the rebel leader replied by ordering his gunners to open fire.

When the body-strewn streets were revealed in all their hideousness by the morning's sun, the flul significance of Madero's maneuvers could be seen.

Abandoning his defensive tactics, General Felix Diaz yesterday led an assault on the National Palace of Mexico, in which President Francisco Madero has his refuge.

The terrific bombardment of Diaz's big guns created havoc within the building. A shell, entering one door, killed twenty-five men and wrecked the Grand Hall.

In addition to the internecine warfare going on in the capital, and in the brigandage and pillaging of the homes of foreigners and non-combatants, anti-foreign feeling is growing rapidly. Demonstrations against Americans and other foreigners took place in several places during the day. Four Americans were killed, it is known, and others were injured.

KILLED HIS DAUGHTER.

Gambler Rendered Desperate by Loss of Former Friends.

New York, Feb. 4.—Taunted and scorned by his wife as a "sequealer" and made desperate by the loss of all his former friends of Broadway, James Purcell, self-confessed "gambler" and State witness in the graft exposures, attempted to kill her today and then shot his twelve-year-old daughter, Agnes dead.

Purcell, revolver in hand then calmly walked out of his home, 218 West Twenty-first street, and gave himself up to the police. He said he was prepared to pay the penalty of his crime, and told in complete self-possession what he had done.

Behind the bars, Purcell related his checkered career of the past few months and how domestic trouble had supplemented his badgering by the police.

He had been goaded beyond endurance, scorned by his wife as one who had betrayed his friends and one who had "snitched," and that the final blow came when his little daughter, Agnes, to whom he was deeply attached, turned her back on him.

UNITED STATES COURT.

United States Circuit Court, Judge Edmund Waddill is to convene in Alexandria tomorrow morning at 1 o'clock. The case on the docket is that of the United States vs. Theodore Johnson, of Alexandria county, who is charged with the erecting of a building on a government reservation.

NEWS OF THE DAY.

Huyler's candy making corporation, was yesterday found guilty by a jury in the United States branch of the police court of Washington of having violated the food and drug act in adulterating a product sold as maple sugar. The Federal authorities charged that cane sugar had been introduced into the product.

A "jim crow" law was introdduced in the Senate of the Illinois State Legislature yesterday by Senator F. C. Campbell, Democrat, of Xenia. Senator Campbell, who is a Southerner, said the escapades of Jack Johnson are in part responsible for the bill.

Harry Cross, a machinist, formerly employed at the Washington Navy Yard, who left about six months ago, was murdered near Martinsburg, W. Va., on Wednesday night. Details of the killing have not been learned.

Mrs. George Hobart, prominent socially throughout Massachusetts, and her brother-in-law, Myron Hobart, were shot to death in the Hobart home in Braintree, early yesterday. The bodies were found by the husband when he returned home a short time after the tragedy. The police believe that Myron Hobart, who was a bachelor 60 years' old, killed the woman and committed suicide. It is said he objected to new friends made by his brother and the latter's wife, both of whom were twenty years younger than himself. A 6-year-old daughter was found in bed, sleeping calmly by the side of the mother's body. She could remember having been momentarily disturbed by a "flash and a bang."

"Guilty as charged in all three accounts of the indictment," was the verdict rendered at 11:50 p. m., in Cincinnati by the jury trying the case of John H. Patterson, and the 28 officials or former officials of the National Cash Register Company, who were charged by the government with violating the criminal section of the Sherman anti-trust act. Among the defendants is John J. Range, of Washington.

A series of important developments marked the coal strike situation in West Virginia yesterday. In the coal fields under martial law, 25 miles from Charleston, the militia was using stringent measures to stamp out violence, while in the city it became necessary to sound a riot call to curb a demonstration strike in the state building.

Col. and Mrs. Theodore Roosevelt have made known the engagement of their second daughter, Ethel Carow Roosevelt, to Dr. Richard Derby, son of the late Richard H. Derby, of New York. Formal announcement of the engagement, it is said, will be made within a few days. Miss Roosevelt made her debut in the White House in 1908. Dr. Derby was graduated from Harvard in the class of 1903. His father was a graduate from the same institution with the class of 1867. Dr. Derby is 28 years old, seven years older than his bride-to-be.

WILLIAMS TO APPEAL.

Will Take Question of Residence in Alexandria to Supreme Court.

Announcement was made this morning by Gardner L. Boothe, counsel for Julian Y. Williams, a member of Council from the Second Ward, who was yesterday tried before a jury on the charge of having removed from the city of Alexandria and therefore not entitled to a seat in Council, that an appeal would be taken to the Supreme Court from the verdict of the jury which found Mr. Williams guilty as charged in the quo-warranto proceedings instituted by six members of Council. After the jury had returned a verdict against Mr. Williams yesterday, Mr. Boothe moved that the verdict be set aside as contrary to the law and evidence, but the motion was overruled by Judge Barley, who granted a stay of judgment for thirty days during which time Mr. Boothe could file an appeal.

The jury was out only twenty minutes when they returned a verdict.

TRUST COMPANY REPORT FILED

Walter C. Foster Gives Result of Examination of Bank's Affairs.

RECEIVER'S PRAISED.

$120,000 Realized From Sale of the Property Turned Over by C. Jones Rixey—Cash on Hand, $70,000.

The report of Walter C. Foster, who was named as special commissioner under decree entered August 5th, 1912, in the case of the defunct Virginia Safe Deposit and Trust Corporation, was filed in the Corporation Court this morning. By the decree above mentioned, this cause was referred to Mr. Foster to settle the accounts of the Receivers of the Trust Corporation to August 5th, 1912, or the date of the acceptance by the Court, of the resignation of Judge J. K. M. Norton, one of the receivers. The report is rather voluminous, and cannot be set out in full.

It shows that at the time of the appointment of the receivers, cash on hand amounted to $34,805.76; the receipts from the sale of the real estate owned by the defunct corporation and deeded to the receivers by C. J. Rixey and wife, amounted to $70,686.09; receipts from the sale of stocks, bonds and other securities, less expenses, assigned by C. J. Rixey to the receivers, $34,991.27; receipts from the sale of property on farms, less expenses, assigned by C. J. Rixey to the receivers, $6,734.09; cash and receipts from the sale of unclassified securities, assigned by C. J. Rixey to the receivers, $8,606.06; receipts from the sale of stocks and bonds held and owned by the defendant corporation at the time of the appointment of the receivers, $28,232.68; notes or bills receivable collected, $101,529.60; money collected from banks and bankers, due the defendant corporation, $4,171.92; overdrafts collected, $5,321.71; receipts from the sale of furniture belonging to the defendant corporation, $904.00, rent of property belonging to the defendant corporation, conveyed to the receivers by C. J. Rixey and wife, less expenses, $2,031.57; money due bonding department, collected after appointment of receivers, $82.80; profit account, which included the interest on money deposited in banks by the receivers, and interest paid on outstanding notes or bills receivable, $3,278.86; making a total of $301,277.09.

The Special Commissioner has credited the receivers with the money allowed as set-off, against the funds due the holders of notes and bills receivable, in such cases as the court allowed; this amounted to $15,268.57; the preferred claims, which were paid in full, amount to $34,540.80; two dividends of twenty per cent and ten per cent, respectively, which were paid on preferred claims, amount to $157,173.59; the amount allowed the receivers from the time of their apopintment until August 4, 1912, $10,354.60; Special Commissioner John M. Johnson's account for fees and expenses, in ascertaining the assets and liabilities of the defendant corporation, early in the year 1911, $2,229.33; the expenses of administration of the receivership amount to $11,503.06; liabilities not otherwise scheduled, $206.65; cash on hand August 5th, 1912, $70,046.68, making a total of $301,277.09.

Before closing his report Mr. Foster pays a compliment to the receivers for their able conduct of the affairs of the corporation; he says: "Though not called for by the decree of reference, your Commissioner feels it due to the Receivers, to say that his investigation of their management of the affairs of the Virginia Safe Deposit and Trust Corporation, shows the same to have been most careful and efficient, resulting in the saving of a great deal of money to creditors. Their duties called for excellent legal, as well as business judgment. A review of the many matters calling for both of these attainments could not be set out in detail. In both instances alone, they were able to save twenty-two thousand dollars for the creditors. Their farming of some of Mr. C. J. Rixey's lands and their care for the stock thereon added several thousand dollars. In general, it can be truthfully said, the Receivers have performed most valuable and effective service, and your Commissioner finds nothing unwisely done for the interest of the creditors, who have been much benefitted by the Receivers' excellent judgment and painstaking industry."

LOCAL BREVITIES.

John D. Normoyle, real estate agent, reports the sale of three building lots, improved by frame dwellings on south Columbus street, between Jefferson and Greene streets to rMr. Alfred Gray, of Washington, to Mr. P. Henry Breen, of this city.

The street sweeper, belonging to the city, caught fire on upper King street yesterday afternoon and was partially destroyed.

Imperial Representative E. E. Downham, accompanied by G. Ben Carlin, William G. Le Hew, James M. Duncan, James E. Cunnigham, of Baltimore, imperial potentate of the United States.

A meeting of the Relief Hook and Ladder Company, will be held tonight at 7:30 o'clock.

Guard Mitchell passed through this city today with Joseph Taylor, colored, who was recently sentenced in Alexandria county to serve six months upon the raods. Taylor was convicted of vagrancy.

SPANISH PRISON SWINDLE.

Alexandrians Receive Letters From "Banker" Asking Aid.

That the old Spanish prison game is again being worked was disclosed today by the statement of Mr. Wm. H. Peck, well known Alexandria merchant, who received a letter from Spain appealing for assistance and offering Mr. Peck a large share of a fortune amounting to $480,000. It is the same old fake story of the unfortunate banker, arrested for political reasons and cast into prison, and who has a beautiful daughter unprotected and at the mercy of his enemies. A large part of the banker's fortune, which of course is safely hid, is offered the intended victim of the swindle for his assistance in rescuing his daughter and the recovery of the fortune. The details of the swindle are often varied in several particulars. Sometimes it is a large estate that is involved. The letter received by Mr. Peck reads as follows:

Dear Sir:—Although I know you only from good references of your honesty my situation compels me to reveal to you an important affair in which you can procure a modest fortune, saving at the same time the life of my darling daughter.

Before being imprisoned here I was established as a banker in Russia, as you will see by the enclosed article about me, one of many English newspaper articles which have been published in London since my arrest.

I beseech you to help me obtain a sum of $480,000 which I have in America and to come here to raise the seizure of my baggage, paying to the registrar of the court the expense of my trial, recovering portmanteau containing a secret pocket where I have hidden the documents indispensable to recover the said sum.

As a reward I will give up to you the third part, $160,00. I cannot receive your answer in the prison, but you must send a telegram to a person in my confidence, who will deliver it to me. Awaiting your cable to instruct you in all my interests, I am, yours truly,

IVANOVITCH.

First of all, answer by cable and not by letter, as follows: "Louis Rober, Santander, Spain."

The letter to Mr. Peck bore the post mark of Madrid, Spain, and also contained what purported to be a newspaper clipping describing the banker's arrest in London.

Julian D. Knight, well known contracting carpenter, received one of the letters a few days ago.

Samuel W. Rauen was hanged at 10:09 today in the United States jail in Washington for the murder of his wife and his brother.

WILL HOLD PRIMARY EARLY IN AUGUST

Date Selected by State Committee in Richmond Last Night.

THE PLAN IS REVISED.

Basis of Local Committees Fixed No Change is Made in the Work of The Sub Committees.

Richmond, Va., Feb. 14.—A Democratic primary for the nomination of party candidates for state elective offices was called last night by the Democratic State Committee for Tuesday, August 5, 1913, from sunrise to sunset. Candidates for office must file their names with the chairman of the committee by noon Friday, June 6, having previously paid their entrance fees to the Treasurer of the Commonwealth.

This action allowed adoption by the committee of the revised party primary plan as reported by the subcommittee, which met for the last time yesterday afternoon at the residence of State Chairman J. Taylor Ellyson. At this final sesion the subcommittee further changed the plan to the extent that the time limit for holding primaries, heretofore placed between sixty and ninety days in advance of the general election, was eliminated, leaving the date optional with the State, district, county or city committee, as the case may be.

Twenty-seven members of the Democratic State Committee answered to their names when Secretary J. N. Brenaman called the roll in the parlors of Murphy's Hotel last night. Under the rules, this made a quorum.

Calling former Lieutenant-Governor Edward Echols to the chair, Chairman Ellyson presented the report of the subcommittee on the primary plan, and it was adopted section by section.

Reaching the requirement that county and city committees shall canvass the votes at primary elections, W. C. Winn, of Lunenburg, thought there should be a provision to cover cases when a quorum of local committees cannot be secured. For three-quarters of an hour the committee tried to agree on a method of procedure, and motions, amendments and substitutes for the whole were offered until Acting Chairman Echols had difficulty in locating the parliamentary situation. At last substitutes offered by I. P. Whitehead, of Amherst, and W. W. Sale, of Norfolk, were rejected, and the committee let the plan stand, on the statement by Chairman Ellyson that the Byrd-Featherston law can always be resorted to when needed. Mr. Ellyson stressed this point, the subcommittee having added a section to the plan requiring that all elections under it must be governed by the statute.

On motion of Judge R. T. W. Duke, of Albemarle, the plan as a whole was adopted.

Acting under a resolution of the Norfolk convention, the committee decreed that in future the representation by magisterial districts and wards in county and city committees shall be proportioned to the Democratic vote cast at the preceding election for Congress.

J. M. Curtis, of Newport News, failed to get through a resolution providing how a second primary in advance of any one election shall be held, the committee feeling the law to be explicit.

Clyde W. Saunders made the motion fixing the date for the State primary, which was unanimously adopted.

PRESENTED WITH JEWEL.

Interesting Feature of Last Night's Meeting of Alexandria-Washington Lodge.

At the regular communication of Alexandria-Washington Lodge of Masons last night, the retiring Master, E. H. Kemper, was presented with a past master's jewel by a class of twenty he had raised during last year. by E. S. Fawcett made the presentation speech and Mr. Kemper responded in an appropriate manner.

WASHINGTON LETTER.

Washington, Feb. 14.—The House district committee favorably reported today on the joint resolution introduced by Representative Johnson, of Kentucky, to regulate the rates of hotels, lodging houses, boarding houses, cafes, restaurants and similar places of abode and entertainment in the city of Washington during inauguration week. The resolution as it was reported to the House carried an amendemnt to inculde taxicabs, hacks and autos.

The resolution prescribes that the rates to be charged by hotel keepers, etc. shall be the same as that for the year preceding February 25, 1913. The penalty for the violation o fthis regulation is fixed at $100 for each offense. Chairman Johnson's says there is a general complaint from citizens of the United States desirous of attending the ceremonies on March 4, and that they have been required to enter into unreasonable contracts for a minimum of five and seven day periods at exorbitant rates with hotels, lodging houses, etc. He further states that it is the right of every citizen desirous of attending the inaugural ceremonies to do so at a reasonable rate, inasmuch as they share in the expense of maintaining the government of the District of Columbia.

The District committee will call the resolution up in the House for action as the earliest possible date. This resolution stands a good chance of passin the House at least, because word is constantly reaching the members that there is a all-around holdup now going on.

Senator Martin os to be one of the speakers in the Senate tomorrow when the late Vice-President Sherman is to be eulogized.

Word was received by Senator Swanson today of the death of James U. Burgess, of Nansemond, Va. Mr. Burgess was quite well known as a lawyer and politician in the Second Virginia Congressional District.

The Army Apropriation bill is up for consideration in the Senate today. The bill is now being read and it is most likely that before adjourning Senator Martin will endeavor to have his two amendments, one for a memorial bridge, and the other to construct Mount Vernon Avenue, made a part of the bill.

WILL SEE ALLENS.

Counsel For Barnett Allen Will Get Statement From Prisoners.

Richmond, Va., Feb. 14. —For the purpose of obtaining a permit to get a statement from Floyd Allen and Sidna Allen, in the Virginia penitentiary, Former State Senator John M. Parsons, of Grayson, and P. L. Harrington, Commonwealth's Attorney of this county, called upon Governor Mann yesterday.

The statement they desire to obtain has reference to the assault on an officer of Carroll county by these two members of the Allen clan which finally resulted in the Hillsville tragedy. Senator Parsons is counsel for Barnett Allen, son of Jack Allen and nephew of Floyd and Sidna, who is scheduled to be tried in the Carroll court March 10th, on the charge of having a part in the assault. Mr. Harrington is acting for the commonwealth's attorney of Carroll in the matter.

Ordinarily affidavits from condemned or convicted men would not be of any value in court, but in this case both the prosecution and defense have agreed to accept the statements of Floyd and Sidna for what they are worth.

Senator Parsons says he is confident his client will go free, believing as he does that the young man was only an onlooker, took no part in the assault, and, in fact, would not have been present, but for fear of his two uncles.

Speaking of the cases of Floyd Allen and his son, Claude who are scheduled to die next month for complicity in the Hillsville affair, Senator Parsons said that sentiment in his county is pretty wel ldivided as to whether the sentences of the two men should be commuted. Personally, he is inclined to think if the petition had been based on a plea of mercy rather than actual justice their chances of escaping the electric chair would be better.

SELECTING A SITE FOR THE ARMY CAMP

State Fair Property is Suggested as Good Location for Mobilization.

ANXIOUS FOR D U T Y.

Virginia Commands, it is Believed, Would Volunteer and Get to Richmond in Two Days.

Richmond, Feb. 14.—Inquiries into the adaptability of the Virginia State Fair Grounds for use as a mobilization camp for the Virginia Volunteers in case of Mexican or border service, were made yesterday by Adjutant-General W. W. Sale, assisted by Captain Charles M. Wallace. Details concerning the advantages of the location, with information as to the necessary changes and their cost, will be gathered and filed ready for use.

The opinion is generally expressed among military men that the fair property is admirably well suited for the purpose. The principal recommendation is in the fact that it is abundantly supplied with water, city pipes being established through the grounds, with many hydrants. The stables are complete and convenient, capable of accommodating many more animals than could possibly be used by the Virginia militia.

A steam railroad runs to the very gates of the grounds, affording every convenience for entraining and detraining of troops. The electric line would afford a constant communication with the city as might be desired.

General Sale said yesterday, in reply to questions, that in his opinion, should volunteers be called for to aid the regulars, the Virginia commands would offer their services. This would obviate the legal doubt that militia can be sent for duty out of the United States, a ruling to that effect having recently been made by Attorney-General Wickersham. In fact, the Adjutant-General believes that the companies and batteries of this State would gladly waive any bar to foreign service which might be found to exist in law.

All the Virginia commands are fully equipped and ready for service. During the recent inspections of troops for the War Department, Captain Portello has told General Sale that he has never at any time seen soldiers better supplied with all the essentials for active duty. It has been the policy of the Adjutant-General to carry out the desire of the national authorities in this respect.

The entire militia of Virginia can be moblized in Richmond within forty-eight hours at the very longest. In fact, General Sale believes it can be done in twenty-four hours. Word from the War Department is all that is necessary.

While the situation has not yet reached the point where it can be said with any sort of certainty that the National Guard will be called upon for duty, it is very evident that such a contingency is being considered in high official quarters. Plans have been made for months to take a large part of the organized militia into the field.

FUNERALS.

The funeral of Mrs. Mary C. Glover took place at 3 o'clock this afternoon from her late home, 420 South Washington street. Services were conducted by Rev. Dr. John Lee Allison, pastor of the Second Presbyterian church. Burial was made in the Methodist Protestant cemetery.

The funeral services of the late A. D. Walker were held at the residence, 210 Duke street this afternoon, Rev. C. R. Strausberg officiating. The remains will be forwarded to Marshall, Fauquier county, where they will be interred.

There were no cases on the docket o the Police Court this morning.

DIES OF HYDROPHOBIA

Young Raymond Struder's Death the Result of Bites by Bull Dog Last December

After suffering agonies for several days, Raymond Struder, the eight-year-old son of Mr. and Mrs. Daniel Struder, of 231 south Peyton street, died at the Alexandria Hospital at 4:15 this morning of hydrophobia. Young Struder was severely bitten by a bull dog, said to have been the property of John W. Entwistle, a druggist on King street, on December 13th last. A warrant was sworn out for Mr. Entwisle's arrest and before he could be brought into court on the charge of harboring a vicious dog, he died in his apartments over his drug store from an overdose of morphine.

The boy was bitten about the body, arms and head. He was taken to the Alexandria Hospital where his injuries were dressed andafter a weeks treatment he was permitted to return home. Within the last few days signs of rabies appeared and yesterday afternoon the lad was again taken to the hospital. He was visited by a number of physicians but they were unable to do anything to save his life.

ST. VALENTINE'S DAY.

Day Comes And Goes Without Attraction Much Attention or Interest.

In recent years but little notice is taken of St. Valentine's Day although the Cute little fellow visited Alexandria today. Folks in by-gone days enjoyed as much sport on that occasion as the youngsters of the present day experience, on Hallowe'n Night. The old stock of comic prints, keput from year to year, are thrown upon counters and some specimens displayed in windows as the day draws near. But few, however, are purchased. The sentimental productions are also becoming a drug upon the market.

Postcards have taken the place of the former comic valentines.

FLOUR AND MEAL STOLEN.

Between Five And Six Hundred Pounds of Breadstuffs Carried Off.

The police department of this city has been notified that thieves last night went in a wagon of the Old Dominion Mills (formerly Watkins's mill) in Fairfax county, a short distance west of this city, and stole between five and six hundred pounds of flour and meal.

A few nights ago, it will be remembered, five or six hundred pounds of meat were stolen in the same neighborhood.

Charles Cockerell, proprietor of the mill, has requested the police to keep a lookout for the robbers, as it is thought they will attempt to dispose of a part of their plunder in this city.

The people of Fairfax county, near Alexandria, are becoming alarmed at the increasing number of robberies in the neighborhood, more having been reported this winter than ever before.

Messrs. Henry K. Field and C. E. Outcault and Charles Tennesson, who attended the Grand Lodge of Masons of Virginia in Richmond this week, have returned. Messrs. T. A. Fisher and S. W. Pitts arrived home yesterday. They report having had a pleasant trip and an interesting time at the meeting of the grand body.

As was stated in yesterday's Gazette, Grand Master W. L. Andrews was re-elected by a unanimous vote, and all of the old officers succeed themselves.

Charles A. Nesbit, of Richmond, was elected grand secretary, to succeds the late George W. Carrington.

The election of Mr. Andrews came as a surprise to most of the members of the grand lodge themselves, as the grand master had indicated in his annual address that he would decline to become a candidate for re-election,retiring that he might aspire to the office of grand secretary,made vacant by the death of Dr. George W. Carrington, several days ago. The delegation from Roanoke were one and all for Mr. Andrews' candidacy for the grand secretaryship, but when he was nominated at the session the selection was received with such apparent approval and enthusiasm that he did not dissent and his re-election was accomplished.

It was well after 11 o'clock before the election of officers was taken up by the grand lodge.

Following the selection of Mr. Andrews as grand master, the remainder of the present slate of grand officers was taken up the custom of re-electing all officers or moving each man up a step in case of choosing a new grand master.

P. K. Bowman, of Lloyds, deputy grand master, was the next to receive the consideration of the grand lodge. He was re-elected as was also J. B. Wood, of Charlottesville, to the office of grand senior warden. J. Alston Cabell, of Richmond, was rechosen as grand junior warden.

Fred Pleasants, of Richmond, grand treasurer, was named to succede himself, this office carrying a handsome salary, and, like that of grand secretary, being reelective from year to year until the occupant is deposed by death or disability.

H. K. Field, of Alexandria, was re-elected grand senior deacon and E. L. Cunnigham, of Newport News, grand junior deacon. The latter office is the lowest elective office on the list.

The other officers who occupy berths by appointment from the grand master are: H. B. Lee, Charlottesville, grand chaplain; James H. Price, Richmond, grand marshal; James A. Pamplin, Richmond, grand pursuviant; Oscar J. Adams, Richmond, grand tiler, and H. A. Baker, Richmond, grand steward. It is thought these present officers will be retained by Mr. Andrews in their present positions.

S. E. Davis, of Occaquan, was named by the grand master as district deputy grand master of District No. 1, which includes Alexandria.

New Embroidered Patterns.

For genuine beauty and daintiness, distinctive designs and novelty and variety, the present showing of Embroidered Robe Patterns and Embroideries excels all of our previous early season displays—presenting the new ideas suggested by fashion in a countless number of really novel and original designs and patterns that cannot be properly described and whose true beauty cannot be surmised.

ROBE PATTERNS.—The newest fabrics are Crepes, Voiles, and Batistes, in many distinctive designs of marked beauty; some of all white, others white ground with exquisite colored embroidery, and beautiful effects embroidered in self-colors. The different sorts vary to a great extent; thus a profusion of designs is shown, all such an acceptable beauty that they are a tribute to feminine taste.

EMBROIDERIES.—Embroideries were never so soft and sheer as they are this season. This feature is splendidly exemplified in the beautiful Batistes and All-Over Bandings.

NEWS OF THE OLD DOMINION.

FIRE IN WYTHEVILLE.

Much Property, Including Church is Destroyed.

Wytheville, Va., Feb. 14.—a destructive fire occurred here Wednesday night, destroying a Methodist church, the North Masonic Hall, a store, and small dwelling, all on Franklin street, and the property of colored people.

All the property was well insured, except the church, on which $7,000 of $10,000 insurance was cancelled

The fire originated in the church and was caused by a hot air furnace. The church was one of the handsomest in Wytheville and the finest negro church in Southwest Virginia. A long standing debt on the church was recently paid off.

VIRGINIA DAIRYMEN ADJOURN

J. A. Turner Re-Elected President at Staunton Convention.

Staunton, Va., Feb. 14.—The Dairymen's convention adjourned yesterday after electing officers, as follows: Joseph A. Turner, of Hollins, president(re-elected); A. O. Thomas, Bealeton, vice-president, and W. D. Saunders, secretary-treasurer. W. D. Saunders, Richmond; W. K. Brainard, Blacksburg; W. C. Hooker, Timberville; A. F. Howard, Farmville; J. T. Haldeman, Winchester; T. B. Shelton, Burkeville; S. B. Andrews, Roanoke; Peyton Lowe, Fredericksburg, and J. T. Strauch, Richmond, wrre elected directors.

A resolution was adopted asking Congress to enact legislation to prevent oleomargerine being offered in the semblance of butter and favoring for this purpose the Haughden bill.

The chamber of commerce entertained the dairymen last evening.

Abolish Benefits.

Richmond, Va., Feb. 14.—What is believed to be one of the biggest steps in the progress of secret orders was taken last night by Marshall Lodge, Knights of Pythias. For many years there has been a law on the books of the lodge which required that when members were sick they should receive so much in the way of weekly benefits. This was to be continued for some time, and in that way the finances of the lodge did not grow in proportion to the membership.

On Tuesday night the lodge took the matter of abolishing the benefits for good and all, and placing the lodge abreast of other progressive orders which promise relief and which are in a position to give it when asked, and to give in the spirit and tenets of the order—for charity. The matter was gone over at considerable length, and when the vote was taken there was not a voice raised against the proposition. This is the first lodge in this city to take this step. Those lodges which have taken this position, are making better progress than ever, getting in first class material and looking after the sick and distressed.

Fisherman Drowned.

Norfolk, Va., Feb. 14.—The body of Frank Greenwood, 40 years old, was found in the water at Ocean View Wednesday afternoon. The man, a fisherman, upon being missed, was traced by his footprints in the sand to where he entered the water. His drowned body was found a short distance away. He had on but few clothes.

Whether it was suicide of whether he walked overboard in his sleep is unknown. Greenwood was from Smithboke, Va., where his body will be sent.

GIRL'S ACCUSER ARRESTED.

Volunteer Attorney Turns Tables on Man at Norfolk.

Norfolk, Va., Feb. 14.—Claiming she was ignorant that she had done anything wrong, Marie Darnell, a 17-year-old girl brought here yesterday morning from Washington to answer a charge of theft of $100 from Capt. C. C. Upton, admitted her guilt before Acting Police Justice Pitt and was sent to the Corporation Court to answer the charge.

Immediately afterwards C. M. C. Doran, an attorney, volunteered to defend the girl. Through his advice, a warrant charging Upton with having taken the girl to a house for immoral purposes was sworn out and served. Upton was bailed for his appearance in the police court this morning.

The girl testified that Upton had taken her to a house, but gave her no money, and that last Sunday night, when he came to the house, she saw money sticking out of his pocket. She said she thought it a good chance for her to get some of the money she thought due her and that she took it not knowing how much it was.

CHASED BY A VETERAN.

Ungrateful Negro Captured after a Twenty-mile Run.

Harrisonburg, Va., Feb. 14.—William O. Switzer, 72 years old, a Confederate Veterans of Mt. Crawford, took up a boozy half-frozen negro at 2 o'clock in the morning, giving him a comfortable place to sleep. Before 6 o'clock the old soldier awoke and found that he negro had skipped out, carrying with him Mr. Switzer's best overcoat.

The old gentleman jumped on one of his best horses and sped up the valley pike on a chase of 20 miles in pursuit of the thief and ingrate. About daybreak he found the darkey in Staunton, recovered the overcoat and then asked the magistrate to let the negro down with an easy fine, as he was lame. The negro was fined $1.

BUOY BOUNDARIES.

Getting Ready to Mark Out Fishing Territory.

Crisfield, Md., Feb. 14.—Chief Engineer Swepson Earle, of the Maryland Shellfish Commission, came to Crisfield yesterday morning in connection with some special work for his commission. Mr. Earle was met here by the State Police steamer, Governor Thomas, Commander T. C. B. Howard, and spent a large portion of the day in placing buoys in different sections of Tangier Sound, the police steamer being used in this work. One buoy was placed in 60 feet of water, marking the Maryland and Virginia boundary on the east side of the Sound. Another buoy was placed in the same depth off Great Rock, east of Horse Hammock, to confirm the old Black and James boundary.

Yesterday afternoon the Virginia police steamer, Saxis came to Crisfield and a conference was held between the representatives of the two States on board the Governor Thomas. Maryland was represented by Commander Howard, while Virginia was represented by Mr. Wilkins Matthews, secretary of the Virginia Oyster Commission, and Commander John R. Drewer, of the local Virginia police boat. Chief Engineer Fred E. Ruediger, of the Virginia Commission and Swepson Earle acted as consulting engineers of the conference. The conference was in reference to the maintenance of buoys along the Maryland and Virginia boundary line.

It was decided that the commanders of the two states would establish permanent buoy boundaries as soon as weather will permit, the work to be done from the police steamers, and to be assisted in by the engineers of the Maryland and the Virginia commissions.

Today the Governor Thomas, with Mr. Earle on board, will go to the Potomac, and the engineer will establish buoys marking the fishing boundary lines between the two states east of Point Lookout.

THE ALLEN CASE.

Decision May Not Come From Governor For a Week.

Richmond, Va., Feb. 14.—It is believed another week will pass by without any definite announcement from Governor Mann as to his decision in the matter of commutation for the two doomed Allen prisoners, now held in the death cells at the penitentiary.

So great has been the recent demand upon the time of the executive, owing to the presence in Richmond of many distinguished Masons, together with the assembling of members of the State Democratic committee, that he has not had time to reach a decision or issue a statement.

The Governor still declines to discuss his probable action in the case, nor will he indicate the exact date on which he will announce his decision. He has so far granted the doomed men three respites, and it is believed his next action, whether for or against commutation will be final.

The executive is still the recipient of a great number of letters from all parts of the country, bearing on on the Allen cases. It is the concensus of opinion that when he does act, the governor will give out a statement to the press very thoroughly going into the merits of the cases of Floyd and Claude, as he sees them. The statement will be in the nature of an opinion. Governor Mann is particularly well qualified to draw up such a paper by reason of his long experience on the bench.

Prison Term For Distillers.

Richmond, Va., Feb. 14.—The U. S. Court of Appeals yesterday afternoon handed down an opinion affirming the verdict of the District United States Court in the cases of Clarence B. Wood, owner; John M. Rhea, manager, and L. W. Williams, an employe, of the Broad Rock Distillery, who were found guilty of violations of the internal revenue laws and were given prison terms and fines. Wood and Rhea were given 18 months and fined $500 each, while Williams was sentenced for twelve months and fined $500. The sentence of Judge Edmund Waddell, imposed on July 13, last, will take effect immediately and the three men will be sent to the federal prison at Atlanta.

Salves Can't Cure Eczema

In regard to skin diseases, medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid.

WASH THE GERMS OUT with sterilized water, Thymol, and other ingredients as combined in the D.D.D. Prescription. This penetrates to the disease germs and destroys them, then soothes and heals the skin as nothing else has ever done.

A 50 cent bottle will start the cure and give you instant relief.

We have made fast friends of more than one family by recommending this D.D.D. Prescription to a skin sufferer here and there, and we want you to try it now on our positive say-so. Advice D.D.D. Soap keeps the pores clean; ask us.

HYDROPHOBIA IN ALEXANDRIA.

It has been forty-three years since any person has died from hydrophobia in Alexandria or vicinity. In 1870 William England, residing a short distance west o fthis city, was bitten by a pet dog, which it was later discovered had been suffering from hydrophobia. The victim sought medical aid as soon as possible and every means was resorted to in order to save his life. He subsequently died is horrid paroxysms.

His terrible sufferings and final death had such an effect upon several neighbors who were called in to attend the sufferer during his convulsions, that upon returning to their homes they shot all the dogs upon their premises.

A well-known resident of the southwestern section of the city in talking with a representative of the Gazette this morning, alleged that his neighborhood is overrun with worthless curs, and it is suggested that the bulldog which attacked the Struder boy may have bitten other canines. Hence a maddog scare pervades the western portion of the city.

The sad case of Raymond Struder should cause the authorities to make a close investigation.

PREVENTATIVE AGAINST SKATING.

A householder in the western section of the city who recently had a granolithic sidewalk placed in front of the premises, has been annoyed to such an extent by rollerskaters that desperate measures were resorted to this morning in order to get rid of the infliction. Youngsters who arrived on the scene for the purpose of engaging in their daily diversion were much disappointed to find that the sidewalk had been covered literally with ashes and sand.

A resident in another section of the city, whose premises have recently been improved by a modern sidewalk, sighs for his old foot brickway with its many rough spots. The perpetual roar of the skaters, mostly nocturnal, is trying upon his nerves as well as those of others of the family.

While we all have been young, and there is no desire to restrict the amusements of the present generation, victims of the modern sport suggest that inasmuch as many sections of the city now have vitrified brick roadways, that these should be used as rinks.

In some parts of the city rollerskating has been merged with bandy, a sport forbidden in the city by a law passed over half a century ago.

A movement is on foot in Council to enact a law forbidding rollerskating on sidewalks. It will prove a work of supererogation, as there is plenty of law upon the subject. An ordinance of the city makes it a misdemeanor for any person to engage in diversions which are an annoyance to other people.

TURMOIL IN JAPANESE EMPIRE.

The sudden change of ministry and the swift events that have followed both in Tokyo and in other places of the Japanese empire indicate that the coming new era of government has thoroughly aroused the people who are in favor of the change.

The rioting and bloodshed which attended the fall of the Katsura ministry two days ago has spread from the capital to Osaka, where the disturbances promises to eclipse those of Tokyo. When the Osaka police attempted to break up a meeting of the constitutionalists held in the city park there a mob was quickly formed and attacked the offices of the newspapers that had been favorable to Katsura and the government that supported him. The mob then attempted to destroy the residences of several prominent persons known to be in sympathy with Katsura, but were prevented from destroying them by prompt action of the police. Several persons were killed.

Well informed men in Tokyo profess to see the end of the autocratic rule of the elder statesmen, which assumed its greatest ascendency during the Russo-Japanese war. The inauguration of real party government after the pattern of England, is expected to be successfully attempted within a short time.

There was violent rioting in the streets of Osaka Wednesday. On several occasions the police charged the mob with drawn sabers. A hundred persons were injured. The primary cause of the outbreak was the breaking up of two mass meetings by the police. The gatherings are attended by large holiday crowds, celebrating the anniversary of the Japanese constitution.

THE CRY OF THE CHILDREN.

The "uneducated state of public opinion" had much to do in the past, with the thoughtlessness regarding the conservation of child life. The recent years have however seen an awakening of the social conscience in those who for so long have given loving though to only their own helpless young. Now they are beginning to hear, though often only faintly, the silent, and intelligent protest of the soul of the factory child the illiterate child, the deserted child. They are listening to the wail of the mother of the incorrigible child, or the cry of the widowed mother, who has gone to the gates of death to bring another being into the world, only to be brought face to face with the unnatural situation, which no other species of the animal kingdom visits upon its mother—the choice of starving or feeding upon its young.

That Virginia is heeding the cry of the children, is shown by the report of Social Service in Virginia which has recently been issued by the State Board of Charities and Corrections. Of the need of such work and the results, no one is better informed than Dr. Douglas Freemen, the president, who wil ldeliver an address in the Chamber of Commerce on Monday evening, February 24.

The lecture is free, and the anti-Tuberculosis Society, at whose invitation Dr. Freeman comes, has extended a most cordial invitation to all who are interested, to attend.

Student Acquitted.

Roanoke, Va., Feb. 14.— Horton Carter, a college student, has been acquitted in the Circuit Court of Abingdon on the charge of attempting to kill his clasmate, William Birchfield, of Marion, Va. Carter is from Grayson county.

The two students entered in a trivial dispute November 8. Angered by the quarrel Carter met Birchfield at night and shot him three times. The wounded boy was taken to the Abingdon hospital, where his condition was critical several days, it being feared that he would not recover.

When the wounded boy recovered, he asked that Carter be released, asserting that he was equally in the wrong, consequently the state was alone in prosecuting the assailant. The verdict of acquittal was unanimously agreed upon.

Both boys were the best of friends previous to the quarrel and were classmates at Emory and Henry College.

CHARGED WITH ASSAULT.

Officer Roberts this morning arrested Joseph Carroll, colored, on the charge of assaulting James Johnson, colored, with a brick. The assault is alleged to have occurred last night in the extreme northern section of the city. Carroll will be brought before the police court tomorrow morning.

AWARDED $2,000 DAMAGES.

Norfolk Woman Wins Suit For "Hair Pulling."

Norfolk, Va., Feb. 14.—"We, the jury, find for the plaintiff, and fix the damages at $2,000." was the verdict returned by a jury of seven in the court of law and chancery in the $10,000 damage suit brought by Julia B. Foster, for alleged personal injuries inflicted upon the plaintiff in the Cove street house December 7, last.

Counsel for the defendant were not in the court room at the moment that the jury returned its verdict, but upon their arrival a motion for a new trial was at once entered. The date for argument upon this motion has not yet been fixed.

The defense was much surprised at the amount of the verdict and the plaintiff appeared satisfied.

The verdict was given under an instruction of the court allowing punitive damages as a deterrent to others in making attacks upon women similar to those alleged in the bill of complaint which charged malicious personal assault, hair-pulling etc.

The evidence was in many ways similar to that given at the trial in the Corporation Court when Foster was fined $250 for the assault upon the Meyer woman in a prosecution instigated by the state. The case yesterday was a civil action brought by the woman for money damages. Foster paid the $250 fine which went solely to the State of Virginia. The verdict of $2,000 of today if it stands, will go to the Meyer woman personally.

Foster, it was said, after the verdict was rendered, has no real estate, but owns much stock in the Virginia Pilots' Association, worth more than the amount of the verdict.

VICTIM OF BURNS.

Miss Evelyn Ludlow's Clothing Caught Fire From Blazing Kettle.

Charlottesville, Va., Feb. 14.—Miss Evelyn Ludlow, an attractive girl from Augusta county, died Wednesday at the University of Virginia hospital as a result of being terribly scalded and burned when her clothing caught fire from a blazing kettle January 20th.

Miss Ludlow was the daughter of Mr. and Mrs. Everett Ludlow, of near Mount Meridian, Va. Howard Armentrout and Mrs .Ludlow heard the girl's screams and made an effort to smother the flames, which had enveloped the victim's body before assistance came to her.

The accident occurred at the home of Frederick Armentrout, where Miss Ludlow had been making her home since last September.

WIFE GETS WHIPPING.

Maryland Woman Beats Husband and Gives Him a Thrashing.

Frederick, Md., Feb. 14.—Mrs. Anna Munshower on Friday night whipped her husband with a horse whip and compelled him to run. The marks made by the whip were in evidence nearly 12 hours afterwards.

John H. Munshower, who was employed at the Morris Iron works, this city, on January 27, filed a bill for divorce from his wife. The wife two days later, filed a bill, asking for counsel fees and alimony, and Judge Worthington allowed her $30 counsel fees and $2.50 per week pending the suit, subject to the usual exceptions. The husband has taken exceptions to the counsel fees and alimony. In the divorce suit the wife is charged with infidelity. Some time ago the wife had her husband arrested upon the charge of non-support. The case was tried by Judge Posey, and it was found that the husband supported his wife and children, but the wife thought she ought to have had another dress or two. The justice dismissed the case. At this trial the wife claimed to be somewhat of a pow-wow doctor, and by signs, etc., claimed to be able to cure rheumatism. As most of her patients were men, the husband objected.

On Tuesday night when Munshower went to his former home, on north Bentz street, for some of his personal effects, the wife stepped from the house with a wagon whip. She rained blow after blow upon the defenseless husband, and he made no effort to stop the woman in her whipping operation. When he found the blows were likely to continue he took to his heels. He swore out a warrant and she was arrested, and taken before Justice Dennis. There she admitted that she had horsewhiped her husband and said she would do it again if he came around the house. Justice Dennis complimented Munshower on his calmness under the thrashing and said that his wife would have to be held for the grand jury. He said he did not want to send a woman to jail unless absolutely necessary, and he said he would hold her in $100 bond in her own recognizance for the action of the grand jury.

OPENING LAST NIGHT.

The opening of the Universal cigar, soda, ice cream and lunch room was well attended last night. J. M. Reed, the proprietor, estimated that about 500 persons visited his place between 7 and 10 o'clock. Mr. Reede served a light lunch and coffee to visitors. There will be an addition to the lunch room soon. The rear half of the place is to be handsomely decorated and wil lbe used as an ice cream parlor, catering especially to ladies.

MARKET WELL SUPPLIED.

Meats Slightly Higher—New Vegetables Coming In.

Today's market is well supplied with all that the particular housewife desires in the way of fresh vegetables. A few of the popular vegetables, such as cauliflower and egg plans, are not as plentiful as they were several weeks ago, enough, however, remain to satisfy the demand. There are some new cucumbers on the market which sell at 5 and 8 cents each; new lettuce, which looks good, sells at 5 cents for small heads and 10 cents for the larger. Fresh ripe tomatoes are now coming in freely from Florida. They being 15 cents a pound. Wild cress, home grown, sells for 20 cents a peck. It is considered a very healthy vegetable. Kale and string beans sell for 8c to 25c a quarter peck respectively. Onions seem plentiful and nice at 2 cents a bunch or 3 for 5 cents.

Country eggs are selling for 25 cents a dozen, while the western do not bring quite as much. Chickens bring about 25 cents a pound and are plentiful. Country butter is cheaper, the best bringing 35 cents a pound, while creamery has gone up, selling for 40c and 45c. Some turkeys are on the market, the hens bringing 30 cents a pound and gobblers 28 cents.

Of meats it can be said there is a good demand for steaks and chops, which makes this meat higher. Pork especially is higher than it was and prices are very uncertain. Good beef for stewing can be bought very reasonable, costing from 12 1-2 to 15c a pound, for the best grade of meat. Veal is scarcer, but prices are about the same as last week, breast of veal selling for 18 cents and cutlets 30c to 35c. Leg of veal brings as high as 25c a pound.

A HINT TO THE HOUSEWIFE.

It is strange that the prudent housewife is not more partial to the purchase of stew meats, especially in view of the fact that every one cries about the high cost of living. Stew lamb and beef cut from the best part of the meats sold by dealers, can be bought at very reasonable prices, sometimes as low at 10 cents a pound, never over 15 to18 cents; but strange as it may seem, people prefer steaks and chops, which al lauthorities contend are not near as healthful as boiled or stewed meat.

A Pickpocket Trust.

New York, Feb. 14.—A pickpocket trust and other compact organizations of criminals exist in this city's underworld, according to testimony of Judge Edward Swann, of the Court of General Sessions, a witness before the aldermanic committee investigating vice conditions. Pickpockets dispose of their loot at central "fences" after being assigned to sections of the city to ply their trade, and when they are arrested they are able to get bail readily and lawyers to defend them. The trust is run like any lawful business, he declared.

"Many strong associations of criminals exist, well organized, and conducted for the purpose of theft," said Judge Swann. "There are, however, many different kinds of associates. For instance, there is the blackmailing association."

Referring to the pickpocket trust, Judge Swann told of one member being assigned to Broadway and Forty-second street for five years, rifling pockets and pocketbooks of men and women in the matinee crowds. This member was arrested four times and always the trust, through its representatives, came to his defense.

It is a well-known fact that he largest and most complete assortment of shoes in the city is carried by John A. Marshall and Brother.

Consumptives Helped by Tuberculosis Medicine

It is folly to believe that Consumption differs from every other disease in not requiring the use of any medicine for its treatment. For a number of years an enormous mass of voluntary and thankful testimonials from persons who consider that they owe their lives to Eckman's Alterative, a medicine for Tuberculosis, has been accumulating. Surely plenty of proof to demonstrate its lasting value. You can write to any of them. Here is one:

5323 Girard Ave., Phila, Pa.

"Gentlemen:—In the winter of 1903 I had an attack of Grippe, followed by Pneumonia and later by Consumption. I grew steadily worse. In the winter of 1904 I had con'n, night sweats, fever and raised quantities of awful-looking stuff and later I had many hemorrhages; at one time three in three successive days. Milk and eggs became so distasteful I could keep nothing down. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alterative was recommended by a friend. After taking a small quantity, I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well. Everything I say here can be verified by my family and friends."

(Sworn affidavit) ANNE F. LOUGHRAN.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recitalists, and write to Eckman Laboratory, Philadelphia, Pa. for more evidence. For sale by all leading druggists

Musterole Recommended by Doctors and Nurses

MUSTEROLE, the clean, white ointment which takes the place of the mustard plaster, is frankly recommended by doctors and nurses. It is used in large hospitals. Ask your doctor.

It does everything a mustard plaster will do—does it better—and does not blister the tenderest skin.

Quick relief for Sore Throat, Bronchitis, Tonsilitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, pains and aches of the back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet, Cold on the Chest (it prevents Pneumonia.) Nothing like MUSTEROLE for Croupy children.

At your druggist's in 25 and 50c jars, and a special large hospital size for $2.50.

If your druggist cannot supply you, send 25c or 50c to the Musterole Company, Cleveland, O., and we will mail you a jar postage prepaid.

Mrs. Mary A. Fisher, Martinsville, Clinton County, Ohio, says: "My physician tells me I should keep Musterole on hand all the time for pleurisy."

E. Brewster, graduate Conneaut Conneaut, O., says: "I used Musterole first while acting as head nurse at Huron street Hospital. It helped me when I had a pleurisy pain; also a severe cold on my chest."

UNITED STATES IS READY FOR FRAY

Supplies to Feed 50,000 Men For Month Now in Readiness.

RAILROADS SECURED.

Everything Prepared for Eventualities—Work of Forwarding Could be Begun in an Hour.

Washington, Feb. 14.—Just how rapidly the greatest munitions of war foods supplies, could be moved, should the United States send troops into Mexico became known today, when information as to the vast preparations of the quartermasters department of the army, became public.

Sufficient stores to feed an army of 50,000 for a month, are today in readiness for removal aboard trains an dtransports at an hour's notice. Within the last week, when the situation in Mexico became acute, the great railroad trunk lines of the country have been notified to have trains ready for immediate use, and 15,000 troops could be started on their way to Mexico with abundant supplies within a few hours after the call for mobilization was issued.

In the quartermaster's depot in Washington, from whence the greatest amount of stores would go, there is waiting sufficient food and "housing" supplies to care for 15,000 soldiers. Everything is ready for shipment to Newport News to be placed aboard the transport the moment the intervention order is issued.

In addition to the supplies on hand, arrangements have been made with great wholesale houses to ship on immediate notice vast quantities of prepared foods.

The greatest movement in the event of intervention, will be from Fort Sam Houston, Texas. across the border, from the depot at Omaha, Neb., and the East. In all of these centers, many supplies have been ready for a long time, following the last war scare in Mexico.

In the event of war, the quartermaster's department has unlimited authority to take over entire railroads an dsteamships lines if necessary, and to obtain all available supplies from any source they desire.

Alleged Bribery.

Charlestown, W. Va., Feb. 14.—Col. William Seymour Edwards was arrested yesterday on a warrant issued by Magistrate Marion Gilchrist, upon complaint of Delegate S. U. G. Rhodes, charging the senatorial candidate with an attempt to bribe Delegate John M. Smith, of Tyler county. A second surprise was the confession made by Delegate T. J. Smith, of Doddridge county, a minister, that he had accepted $100 from an agent of Edward and held it until the following day, when he returned it to Delegate Rhodes, who had introduced him to a stranger at the Kanawha Hotel. Smith said, in a sworn statement, filed in the House of Delegates today, that he had been offered $2,000 to vote for Colonel Edwards, and that he had refused the bribe, and had then been given $100 to use as spending money.

Another movement in the embroglio was the presence of Delegate H. F. Asbury, of Putnam county, in the joint assembly. He denounced Colonel Edwards from the floor. Dr. Asbury is one of the delegates arrested on Tuesday charged with the sale of his vote on the United States senatorship. He compared Edwards to Benedict Arnold, and voted for Senator Elkins. Still another development came when attorneys for the accused legislators gave out a statement in which they asserted that officers were hunting G. B. Bentley, the Burns operative, who ensnared the lawmakers with a warrant, charging him with the bribery of Delegate George S. Van Meter, of Grant county, who accepted $250 from the detective, but refused to change his vote from Elkins to Edwards.

WEEK'S HAPPENINGS IN FRATERNAL CIRCLES.

The one hundred and thirty-fifth annual communication of the Grand Lodge of Virginia Ancient Free and Accepted Masons convened on last Tuesday night in Richmond at which there were present from this city representatives of the two local lodges as follows:

Alexandria-Washington Lodge No. 22, Samuel W. Pitts, worshipful master; Charles B. Swan, senior warden; Charles E. Tennesson, junior warden.

Andrew Jackson Lodge No. 120: Dr. C. E. Outcalt, worshipful master; W. C. Davis, senior warden; Chester A. Gwynn, junior warden; Henry K. Field, grand senior deacon of the grand lodge was also in attendance.

Last night in Masonic Temple, Alexandria-Washington Lodge No. 22, held a stated communication. Committees from this lodge are now busily engaged in making final preparations for their annual banquet on the 22nd, which will be served in the Elks Home on Prince street.

On Monday night Past High Priest Frank W. Latham, visited Leesburg Chapter Royal Arch Masons at Leesburg and assisted the brethern of that Chapter in conferring the second degrees of this branch of Masonry including the Royal Arch Degree.

Tonight at the regular meeting of Washington Memorial Lodge of Perfection No. 7, Ancient and Accepted Scottish Rite of Freemasonry in the Temple, the beautiful work in the 4th, 6th and 14th Degrees will be exemplified.

A very interesting council of Seminole Tribe, No. 35, Improved Order of Red Men was kindled in their council house on Tuesday night, at which time one candidate was adopted into the tribe and one application for membership was received. There was also several important committees named.

Osceola Tribe No. 1, held their regular weekly council on Wednesday night and transacted tribal business.

An important business meeting of Fitzgerald Council, No. 459 Knights of Columbus, was held on Wednesday night.

At the regular weekly meeting of Alexandria Lodge of Elks held on Monday night, in their lodge room in their home on Prince street, one candidate was initiated.

After the regular meeting of Samarian Rebekah Lodge, No. 27, I. O. O. F., which was held in Odd Fellows Hall on Tuesday night, a luncheon was served, which was greatly enjoyed by the members present.

Both Lodges of Odd Fellows Sarepta and Potomac held their regular weekly meetings this week and transacted considerable business of importance to the fraternity. Both of these lodges anticipate having considerable degree work in the near future.

The usual weekly meeting of Oriental Lodge Knights of Pythias, was held in their hall on north Pitt street on Tuesday night. Business of a routine nature only was dispose of.

Lone Star Camp No. 1, American Indian Guards, will hold their regular weekly camp tonight at 7:30 o'clock. The band instruments for this organization have been ordered from the factory, and their arrival is expected daily.

About fifty of the youths of our city are now enrolled on the roster of this new patriotic organization.

Allowed to Carry Pistol.

As the result of threats against his life by those who are opposing him in his work, in rooting out the graft in the police of New York, District Attorney Whitman began last night to carry a pistol. Although the District Attorney paid little attention to the threats which came in the form of anonymous letters and telephone calls, their number has increased so largely of late that at the importunities of his family and friends, the District Attorney yesterday applied to Magistrate Appleton for permission to carry a revolver and it was granted. Assistant District Attorney Fred J. Groehl, who has also received similar threats, was also granted permission to carry a pistol for protection.

Mr. Groehl has been one of Mr. Whitman's chief aids in uncovering the police system graft. It was Groehl's persistent work that induced George A. Sipp to return from Atlantic City and this brought about the landslide of testimony before the grand jury that resulted in the indictment of Policemen Fox and Capt. Walsh and has led the way higher up.

THE RETURN JOURNEY.

Additional Details of the Death of Scott And His Companions.

A dispatch to the London Daily Mail from Christchurch says that full details of Capt. Scott's return journey from the pole will reveal a still more glorious page of history when they are published than the brief official narrative reveals.

"It is stated," says the Daily Mail "that Petty Officer Evans was assisted by his comrade from the pole until his death, and that every ounce of food was exhausted long before death came to Scott's party. Only a small quantity of tea was found with the bodies, which were discovered in the following positions. Scott, sitting with his back to the tent pole. Between his head and the tent pole he had placed his diary as a support to his head. Dr. Wilson and Lieut. Bowers were lying in their sleeping bags.

"Possibly an expedition will be sent for the bodies next summer. A memorial cross to Scott, Wilson and Bowers was erected on Observation Hill. It was constructed of jarrah wood, and will last for ages.

"Members of the expedition indicate that disappointment at Amundsen forestalling them took the 'stiffening' out of Scott's party for the return journey.

"While descending Beardmore glacier the ice was found to be terribly rough, and many obstructions 10 to 12 feet high had to be climbed, which resulted in the explorers being badly bruised or strained. Commander Evans, of the Terra Nova, denies that the explorers died of scurvy. He says death was due to exposure and weakness.

"The members of Lieut. Campbell's northern party are in magnificent health considering the terrible privations they underwent in an igloo, where they led a primitive existence for six and one-half months. Their only literature was 'David Copperfield,' of which one chapter was read aloud daily."

"The steamer Aorambi is still out of the range of wireless communication and therefore it is probable that Mrs. Scott, widow of the explorer, who is a passenger, has not yet been informed of her husband's sad end."

Commander Evans in a dispatch to the Daily Chronicle says the whole histor yof the expedition will certainly be given to the public in due course of time.

The Chronicle publishes a long copyright dispatch from Christchurch which deals mainly with the points already covered by the newspapers and with the preparations in the expedition preceding the final dash to the pole.

Unsuccessful Bandits.

Five bandits swooped down upon Vacaville, Cal., yesterday morning cut all of the main telephone trunk lines, for a time isolating the city from communication with adjoining towns, and after engaging in a pitched battle with a number of pedestrians, broke into the bank of Vacaville. They cracked the outer vault of the bank safe with nitroglycerine, and appropriated a large quantity of securities and business papers belonging to the bank and its depositors, but were unable to get into the inner vault, where the gold and currency was kept. The bandits fired four charges of nitroglycerine, but the explosion of their fourth and last charge, although it opened the door of the coin safe inside the vault, also toppled it over face downward, and there it lay too heavy to move. Not one cent did the robbers get, although $30,000 in gold lay almost within their grasp. The cracksmen then broke into a garage and stole a big touring car, speeding out of town in a northerly direction. The automobile was found later at Winters 14 miles away.

TRANSCONTINENTAL ROAD.

Southern National Highway Convention Fixes Route.

Asheville, N. C., Feb. 14.—After a long fight over the line of the proposed transcontinental road the Southern National Highway Convention yesterday fixed on a route to begin at Washington, then by way of Richmond to Durham, then following the central highway route to the Tennessee line, then by way of Knoxville, Nashville and Memphis, Little Rock and Texarkana.

This road would strike the New Mexico line 80 miles east of Roswell. From there to San Diego the route has already been designated.

Resolutions were adopted calling upon the State Legislature in States along the proposed ocean-to-ocean highway to aid in getting help from the Federal Government in building highways.

The two days' convention ended yesterday afternoon with the election of officers.

Del M. Potter, of Clifton, Aris., was elected president.
